Stars of Persia Ornamental Onion

- **Planting density: 1 bulbs per square foot**
- **Planting depth: 8 inches to base of the bulb.**
- **Best planted in a mass for dramatic effect.**

Allium 'Christophii'

- ***Use:*** Produces softball-sized starbursts of amethyst pink flowers on 14" stems. Looks amazing coming up between larger plants and Ornamental grasses. Blooms in late spring to early summer. Late blooming ornamental plants that work great with early flowering perennials. Deer and rodent resistant.
- ***Exposure/Soil:*** Full– part sun (but must be 5-6 hours of sun) . Well-drained sandy soil. Tolerates summer drought, but should be kept moist during growing season.
- ***Growth:*** Grows 16-20" tall.
- ***Hardiness:*** Zone 5-8; Perennial
- ***Foliage:*** Deciduous. Strap-shaped, gray-green basal leaves that decline as its flowers form.
- ***Flower:*** In late spring/early summer, it bears umbels that are 10 to 12 inches in diameter, and contain up to 100 star-shaped fuchsia flowers with a metallic sheen. Flowerheads dry well.
