

# Calendula Power Daisy Orange

**Non-stop  
flowers  
from  
October until  
April! Use edible  
flowers in salads  
or as a garnish!**

## ***Calendula 'Power Daisy Orange'***

- **Use:** A wonderful pot marigold that just keeps on blooming! Calendula 'Power Daisy Orange' is the latest addition to the 'Power Daisy' family and it certainly lives up to its name, bright orange blooms keep appearing all through the summer months and well into the autumn on neat, spreading plants that are perfect for patios and beds alike! Easy to grow, Calendula 'Power Daisy Orange' will keep on rewarding you with a summer display that needs very little attention!
- **Exposure/Soil:** Plant in full sun Must amend the soil if you have poor soil (like red clay). We recommend the Pro Mix Soil. Require different fertilizer than most plants as they grow in the winter. Use slow release or water soluble fertilizer with Nitrate not Ammonium nitrogen form of fertilizer.
- **Growth:** Full sized plants grow to 10-16" inches tall and wide.
- **Hardiness:** Zone7-9; Treated as an Annual, but they will reseed.
- **Foliage:** Evergreen
- **Flower:** Large globes of sunny orange flowers. Remove spent flower stems before they go to seed to promote new flower growth. Flower are excellent for cutting. "English Marigolds" are quite tolerant of frosts. Good at reseeding themselves.
