

Plum Pudding Easy Wave Petunia

Let them spill from hanging baskets and patio pots, or create a vibrant blanket of color in your garden beds.

Petunia 'Easy Wave Plum Pudding Mix'

- **Use:** Plum Pudding Mix combines two of the most popular Easy Wave® colors on plants that either mound or spread, depending upon whether you want to use them for bedding or containers. They set new blooms from the center as well as the ends of each stem, keeping the plant looking fresh and newly-opened month after month!
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Reaching just 6 to 12 inches high (depending upon how you choose to grow it) but prepared to spread up to 39 inches wide, this is a nonstop beauty for any sunny setting! Doesn't reach quite as far as the older Waves, but it stands up "taller," offering a more manageable and attractive shape for hanging baskets, windowboxes, and flowerpots of all kinds!
- **Hardiness:** Zone 8-11 Annual; Many people have success with them reseeding and coming back every year.
- **Foliage:** Deciduous. Pinch back tips occasionally for a super bushy plant.
- **Flower:** This lovely Plum Pudding blend! Rich solid violet combines with silvery lavender vein to bring you eye-catching color that just won't quit! Welcome Plum Pudding Mix into your best containers this season!
