

Blue Easy Wave Petunia

Let them spill from hanging baskets and patio pots, or create a vibrant blanket of color in your garden beds.

Petunia 'Easy Wave Blue'

- **Use:** Fast-growing plants bloom freely all season in landscapes and containers without cutting back, and tolerate both heat and cooler conditions very well. Flower-filled plants grow a little more mounded than original Wave, with a more controlled spread.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Densely-branched, it reaches about 4-12" inches tall and spreads 3 to 4 feet wide before you can turn around!
- **Hardiness:** Zone 8-11 Annual; Many people have success with them reseeding and coming back every year.
- **Foliage:** Deciduous. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Lots of colorful 2- to 2 1/4-inch blooms as it goes! Blue has the same incredible bloom and spread of the other Waves, coupled with a densely-branched habit. Try it in a windowbox or mixed bed with Misty Lilac or cotton-candy Pink!
