

Italian Honey Fig

A great selection for container culture.

Ficus carica 'Italian Honey'

- **Use:** Have a taste of 'Italian Honey' and you will be utterly seduced. Growing to just 8 feet, this attractive and prolific cultivar is an enticing presence in a patio container. August brings a delectable deluge of yellow figs loaded with sweet, succulent amber flesh. ***Please be sure to read the Home Garden Figs article from UGA on our Plant Information Page on the website.***
- **Exposure/Soil:** Grow in full sun. Well-drained, rich soil. pH of 5.5 to 6.5 necessary.
- **Growth:** They can grow up to 4-8 feet tall and wide, but up to 20' possibly with age.
- **Hardiness:** Zone 7b-10; Tree.
- **Foliage:** Deciduous. Do not prune mature trees heavily because this can reduce the crop.
- **Flower/ Fruit:** Amber colored flesh and yellow skin.
