

Toscana Strawberry

An ever-bearing variety that delights with deep pink blossoms and juicy, deep-red fruit.

Fragaria 'Toscana'

- **Use:** The ultimate edible ornamental, this beautiful day-neutral strawberry has the 'wow' factor! Bearing up to 2 pounds of fruit each season, Toscana trails delightfully from window-boxes, hanging baskets, and tall planters. Its foliage is elegantly notched, keeping the plant attractive even when out of bloom and not fruiting. Lovely from spring 'til frost, it's a must-have!
- **Exposure/Soil:** Prefers full sun, but will take a little shade. Try to keep water off the leaves when watering. Water regularly, when top 3 in. of soil is dry. Fertilize with a bloom food.
- **Growth:** Continues to trail all season long!
- **Hardiness: Zone** 4-9; Perennial
- **Foliage:** Deciduous; May keep some leaves in the winter if it is mild.
- **Flower:** From its bright 1½- to 2-inch carmine-pink blooms to the masses of sweet, tender 1- to 1½-inch berries, it's a winner!
