

Chandler Strawberry

Fragaria 'Chandler'

- **Use:** Chandler strawberry plants are very popular with commercial growers because of their high yield, brilliant fruit color, and excellent flavor. Fruit size is medium to large and medium in firmness. Chandler plants are a vigorous, early, midseason variety and must be well supplied with water and nutrients. They do well throughout the winter and are a good Pick-Your-Own variety..
- **Exposure/Soil:** Prefers full sun, but will take a little shade. Try to keep water off the leaves when watering. Water regularly, when top 3 in. of soil is dry. Fertilize with a bloom food.
- **Growth:** Continues to trail all season long!
- **Hardiness:** 5-9; Perennial
- **Foliage:** Deciduous
- **Flower:** Fragrant blossoms produce sweet red berries!

**Grow
your
own
strawberries!**
