

# Kent Beauty Oregano

Bracted-flowers may be dried for use in dried flower arrangements.

## *Origanum 'Kent Beauty'*

- **Use:** Although the foliage is aromatic, it is not of the pungency and quality expected for culinary oreganos and is usually not usually used in cooking. Long blooming, the foliage has a spicy aromatic scent. - See more at: <http://www.bluestoneperennials.com/ORKB.html#sthash.ktX1frfw.dpuf>
- **Exposure/Soil:** Prefers full to part sun. Water the plants during extended dry spells, but be sure not to over-water, as sweet marjoram likes a slightly dry climate.
- **Growth:** Will grow to about 3-6" inches tall and 6-12" wide.
- **Hardiness:** Zone 6-9, Perennial; Must be mulched in the winter.
- **Foliage:** Deciduous; Prominent veins found in the heart-shaped blue green leaves.
- **Flower:** Unique, drooping, pink-bracted, hop-like flowers bloom in whorls from summer to fall.
