

# Little Blue Fountain Lily of the Nile

## *Agapanthus x 'Little Blue Fountain'*

- **Use:** With its deep blue coloring and dwarf size, Little Blue Fountain is perfect for gardens, patio containers and useful as a cut flower. This semi-dwarf agapanthus blooms very early and reblooms with multiple spikes of bright blue flowers. Fast growing, Little Blue Fountain is tough and drought tolerant.
- **Exposure/Soil:** Full to part sun. During the summer, be prepared to give them plenty of water. During the winter they prefer well-drained soils.
- **Growth:** Grows 1-2' tall and wide.
- **Hardiness:** Zone 8-10 Perennial; Mulch around plant in the winter.
- **Foliage:** Deciduous. The leaves are long and strap-shaped and look like large amaryllis leaves.
- **Flower:** Will put on a show of spectacular deep blue cluster blooms from mid spring into summer.

**We love the blue flowers!**
