

# Jim Crockett Boltonia

## ***Boltonia 'Jim Crockett'***

- **Use:** This U.S. native has medium to dark green foliage and abundant lavender blooms with yellow centers. It has a compact and mounded habit.
- **Exposure/Soil:** Prefers full-part sun. It's fairly drought tolerant and needs little water once established. Foliage is mildew resistant.
- **Growth:** Grows 1-2 tall and wide.
- **Hardiness:** 3-9 perennial.
- **Foliage:** Deciduous. Medium to dark green foliage, lavender blooms with a yellow center. Jim Crockett is a compact, early and free flowering variety.
- **Flower:** A billowing cloud of lavender-mauve daisies from late summer into autumn.

Airy clouds of daisy-like, lavender flowers with a yellow center highlight the late summer garden. Fine-textured gray-green leaves complement the pink-tinged blooms. This compact, early and free-flowering variety is an excellent cut flower.
