

# Bronze Scarlet Canna Lily

Great for landscapes and container plantings in full sun!

## *Canna indica* 'Bronze Scarlet'

- **Use:** The latest in the popular Tropical™ series of dwarf Cannas is this stunning bronzy-burgundy leaved variety! Sporting brilliant scarlet blooms in addition to its colorful foliage, it's a stunning addition to containers, the border, edging, and any sunny spot!
- **Exposure/Soil:** Full sun–part shade (not deep shade); Water regularly, when top 3" of soil is dry. Use slow release fertilizer twice a year. Once established needs only occasional water.
- **Growth:** Grows quickly to a lush 2 1/2-foot plant compact enough to grow in a container!
- **Hardiness:** Zone 7-10; Perennial, Mulch around plant in winter.
- **Foliage:** Deciduous. Large, broad, bronze leaves.
- **Flowers:** Fiery-scarlet 3- to 4-inch blooms. From the time that the plant starts to bloom (usually May-June), cannas continue to flower either until November.
