

Belgian Garden Mum

**Fall color that comes
back every year!**

Chrysanthemum sp.

- **Use:** Mums are a must in the fall garden with their bright daisy-like flowers in a variety of colors. They single the arrival of fall's shorter days and cooler nights.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 2' tall and wide with pinching, larger if unpinched.
- **Hardiness:** 5-10 Shrub
- **Foliage:** Deciduous.
- **Flower:** Cut Chrysanthemums back three times during the spring and summer, with the last cut August 15, to encourage bushy, compact growth and prevent spring flowering. Multitude of colors available.
