

Georgia Peach Pie Dianthus

Dianthus 'Georgia Peach Pie'

- **Use:** A beautiful new garden pink from the renowned Whetman's Pinks in England, Georgia Peach Pie has luscious peach hued flowers with a ring of raspberry surrounding an apricot eye. A modern variety with all the spicy fragrance of antique pinks, it has a long bloom period and reblooms in fall. Site in an open sunny site with well-drained, alkaline, even gravelly soils or grow in containers to enjoy the sweet clove perfume up close. The flower petals of all types of Dianthus are edible.
- **Exposure/Soil:** Prefers full sun to part shade. Water regularly, when top 3 in. of soil is dry to start. Little water needed once established. Plants require good drainage and are an excellent choice for hot dry sites or gravelly soils.
- **Growth:** Compact mounding habit 12" tall x 12" wide.
- **Hardiness:** Zone 6-9, Perennial
- **Foliage:** Evergreen, glaucous grey-green foliage provides a stark contrast for these shockingly bright flowers.
- **Flower:** Palest blush pink blooms with unique coral centers. Blooms are carried on non-flopping, sturdy stems. Long-lasting cut flowers.

**Very easy to grow and low
maintenance!
FRAGRANT & LONG
BLOOM TIME!**
