

# Fortune's Holly Fern

Evergreen, shade-loving, and deer resistant. Excellent bedding fern under larger shrubs and accent trees. Grows well in breezy sites and containers.

## *Cyrtomium fortunei*

- **Use:** Excellent for use in woodland gardens and shady areas. This durable fern is perfect to put in planters on a shady porch for year round lush, green interest. Perfect for the shaded woodland or natural garden, or add fronds to cut flower bouquets for greenery. Very easy to grow and is a perfect foil for hostas in the woodland garden. Exceptional fern for interesting form and texture.
- **Exposure/Soil:** Part shade– shade. Acid, moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year.
- **Growth:** Grows 1-2' tall & 1-2' wide in clumps.
- **Hardiness:** 5-9; perennial
- **Foliage:** Evergreen. Fronds are stiff, upright and dark green arching outward from the center of the plant.
- **Flower:** none
