

Cotton Candy Muhly Grass

Gorgeous drought tolerant grass for hot sun! Excellent fall color!!

Muhlenbergia capillaris 'Cotton Candy'

- **Use:** Masses of tall, delicate flower panicles create a vibrant rosy red haze over the fine textured, leaves and are attractive through the winter. Superior groundcover when massed with shrubs and trees. Adapted to reflected heat, dry sites and poor soils.
- **Exposure/Soil:** Full sun-part shade. Well-drained soil, not soggy. If you have red clay we recommend you amend the soil with a coarse sand for drainage. Drought tolerant once established, but prefers some occasional watering. For fastest growth use slow release fertilizer two times a year!
- **Growth:** Fast growing clump to 3' tall in bloom and as wide.
- **Hardiness:** **Zone** 5-9; Perennial
- **Foliage:** Pink airy blooms September through November. Deciduous.
