

Montsegur Lenten Rose

Helleborus orientalis 'Montsegur'

- **Use:** Beloved by shade gardeners everywhere for thick evergreen leaves and winter blossoms in the shade. Excellent in drifts in woodland gardens.
- **Exposure/Soil:** Part sun-shade. Moist, well-drained soil, but not soggy. Good drainage is a must.
- **Growth:** Grows 18" tall and wide; multiplies well.
- **Hardiness:** Zone 4-8; Perennial
- **Foliage:** Evergreen, virtually problem free. Older leaves can be cut back in late August to showcase winter blossoms better.
- **Flower:** Pink-red blooms rise above masses of glossy dark leather-like leaves.

A must for color in the winter garden.
