

Daylily 'Happy Returns'

Hemerocallis 'Happy Returns'

- **Use:** Daylilies are some of the easiest perennials to grow and a good choice for any gardener. They are tough, adaptable plants that will grow in any soil, from normal to slightly wet to dry. *Awards: HM '92, MNLA Grower's Choice Award™ '01*
- **Exposure/Soil:** Full– part sun (but must be 5-6 hours of after-noon sun) . Moist, well-drained soil, but not soggy. Use slow re-lease fertilizer two times a year. Once established needs only oc-casional water.
- **Growth:** Fast-growing to 18” high and 18-24” wide.
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous.
- **Flower:** 3", fragrant, canary yellow blossoms with slightly crimped edges. Of 'Stella de Oro' parentage, though flowers are slightly larger and a clear lemon yellow instead of gold. Blooms profusely in early summer and reblooms sporadically until frost. Diploid (Apps '86)

**Good for use as edg-
ing. Very heat tolerant!**
