

Gold Zebra Premium Foamy Bells

Because of their low, mounding habit, they are often used as edging along paths or in containers. Try cutting a few of the tall flower scapes for fresh bouquets.

Heucherella 'Gold Zebra'

- **Use:** Now here's a beautiful accent for the partly to fully shaded border or container: a brilliantly variegated perennial with large, maple-leaf-like foliage of golden with generous maroon markings.
- **Exposure/Soil:** Part sun-shade. Best when planted under other trees, but not too deep a shade or poor flowering and leaf color. Moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Fast growth to 10" tall, 16" in bloom overall, by 15" wide.
- **Hardiness:** 5-8; Perennial
- **Foliage:** Semi-evergreen. Bright yellow, feathery leaves are boldly marked with dark-red. Nice bronzing with frost.
- **Flower:** Small white blooms dangle above the foliage in late spring and early summer.
