

Hosta 'Minuteman'

**Shade loving
and very
easy to grow!**

Hosta 'Minuteman'

- **Use:** Among the showiest of hostas with its attractive, lance-shaped foliage. Satiny green leaves are surrounded by creamy white margins. A sun tolerant selection. Ideal for adding exuberant color to shady gardens. The thick foliage resists slug damage.
- **Exposure/Soil:** Part sun–shade. It is more sun tolerant than some other types of hostas due to the large, white margin. Acid, moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year.
- **Growth:** Will grow 20 inches height x 24 inches wide, mound-like.
- **Hardiness:** Zone 3-8 Perennial
- **Foliage:** Deciduous. The gleaming white leaf edges are the brightest you can find and they are particularly striking against the dark green foliage.
- **Flower:** The flowers are white and long lasting in summer.
