

Bandana Landscape Gold Lantana

Lantana x 'Bandana Landscape Gold'

Heat tolerant, drought tolerant, deer resistant, little to no need for deadheading, versatile, fragrant, attractive to butterflies and hummingbirds, what is there not to love?

- **Use:** Bears rich, golden flowers which grow on dense, low vining branches reaching upwards of 36 inches long! With its trailing habit, it makes a great hanging basket plant. It also works great along a retaining wall or on a hillside. Its tolerance to salt makes it ideal for decorating coastal gardens. Attracts butterflies. Tolerates heat.
- **Exposure/Soil:** Full sun– part sun. Drought tolerant once established.
- **Growth:** Mounded form to 20" tall and 36" wide.
- **Hardiness:** Zone 8b-11, Annual/ Tender Perennial. Mulch well in the winter. Do not cut back stems until April after winter is passed.
- **Foliage:** Deciduous. Green-lance leaves. Cutting grown.
- **Flower:** The large flowers clusters open a sunny yellow from late spring until fall. They are perfect for a full sun location in need of their tropical colors.
