

Dark Red Lantana

Heat and sun tolerant; flowers all season; low maintenance.

Lantana 'Dark Red'

- **Use:** Tropical appearing shrub, but hardy! Plant characteristics are similar to other Lantanas. Fine for mass plantings and banks, or containers for poolside...attracts butterflies. Deer and rabbit resistant.
- **Exposure/Soil:** Full sun– part sun. Drought tolerant once established. Needs at least 6 hours afternoon sun.
- **Growth:** Mounded form to 1-2 feet tall, to 2-3 feet wide.
- **Hardiness:** 7b-11, Tender perennial. **Do not cut back stems until April.** Water in the hollow stems will freeze out the roots in winter. Mulch heavily around the plant
- **Foliage:** Scented leaves. Deciduous. Cutting grown.
- **Flower:** Has a great show of flowers that last from spring till frost, the flowers are orange and red and will all deepen to red with age.
