

# Grape Gumball Bee Balm

## *Monarda didyma* 'Grape Gumball'

- **Use:** This brand new series of SUGAR BUZZ® Monardas is perfectly suited to the middle of the flower border. All four unique colors in this series are similar in size, bloom time, and vigor, making it easy for growers to offer the whole lot. Create an eye-catching display of color in sunny borders with mass plantings, or use in combined plantings for containers and perennial beds.
- **Exposure/Soil:** They prefer full all day sun, but will tolerate just afternoon sun. Performs best with consistently moist, but not soggy, soil.
- **Growth:** Compact growth to 2' tall and wide.
- **Hardiness:** Zone 4-9; Perennial Mulch around plant in the winter.
- **Foliage:** Deciduous. The dark green foliage forms an upright clump that will fill out containers nicely but won't run all over the garden. It displays above average resistance to powdery mildew.
- **Flower:** Features purple flowers, arranged in large, shaggy heads, an ideal size for the middle of a sunny border. Long summer bloom period.

**Dwarf variety is deer and rabbit resistant, as well as mildew resistant.**
