

White Garden Phlox

Phlox paniculata 'David'

- **Use:** This new selection of white-flowering garden phlox is an improvement over our old favorite, "Mt. Fujiyama". Notable for its June display of enormous, brilliant white flower heads and delicious fragrance, "David" also has highly mildew-resistant foliage.
- **Exposure/Soil:** Prefers full sun to part sun. Water when top 3" of soil is dry. Does not like sprinklers, water soil not leaves.
- **Growth:** Fast growth of 24-30" x 18" wide
- **Hardiness:** 4-9; Perennial.
- **Foliage:** Deciduous; Light green mildew resistant foliage.
- **Flower:** Sparkling white giant flowering clusters. Very fragrant! Best white we've ever seen.

Fast and very easy to grow!
