

Hens and Chicks

Sempervivum tectorum

- **Use:** Hardy, drought-tolerant little plants form a dense, jewel-like ground cover. Features several of the most ornamental forms and colors. It will thrive and multiply in even the toughest growing conditions.
- **Exposure/Soil:** Plant in full sun. Prefers well-drained soil, and is very drought tolerant. Needs very little fertilizer.
- **Growth:** Grows 6" tall and 1-2' wide. Spreads more over time, but not invasive.
- **Hardiness:** Zone 3-10; Perennial
- **Foliage:** Deciduous. Succulent leaves grow in a rosette.
- **Flower:** Blooms during the summer on pink stalks.

Drought tolerant and so easy to grow!
