

# Temari Blue Verbena Basket

## *Verbena 'Temari Blue'*

- **Use:** Tapien is the ultimate flowering groundcover and basket plant; fast growing, versatile, with a neat, multi-branching growth habit. Good for trailing in a basket, on the ground, windowboxes, or in a container. Looks gorgeous planted up against variegated grasses in containers.
- **Exposure/Soil:** Sun-part sun. Moist, well-drained soil, but not soggy. Water when top 3" of soil is dry. Do not water center of the plant, try to water under the leaves. Drought tolerant once established. Resistant to powdery mildew
- **Growth:** Grows 8" tall and continues to trail 2-4'. Upright, but with a mounding habit.
- **Hardiness:** **Zone** 8-10, Tender Perennial, will need mulch in the winter.
- **Foliage:** Deciduous; elegant feathered leaves.
- **Flower:** Delicate, brightly-colored blue-purple flowers form a carpet of blossoms from spring until fall.

**Blooms for 5  
months and  
attracts butterflies.**
