

Azalea Momo No Haru

Azalea 'Momo No Haru' (Satsuki hybrid)

- **Use:** Evergreen shrub with 5 petaled spring blooms which often cover the plant. Compact habit. This cultivar is often used for bonsai.
- **Exposure/Soil:** Part shade. Moist, well-drained soil, but not soggy.
- **Growth:** Grows 3 ' tall and 3' wide in a compact mound.
- **Hardiness:** 5-8; Shrub
- **Foliage:** Evergreen; Small, bright green leaves give year-round appeal.
- **Flower:** 1.5" pink single flowers with purplish lobes with a big show in late spring and sporadic fall flowers.

Good for use in flower beds.
