

Azalea 'Wolfpack Red'

**A real splash of strong,
red color for the wood-
land garden!
Shade loving!**

Azalea 'Wolfpack' (Carla hybrid type)

- **Use:** For use as hedge, walkway border or in amassed planting for impressive color display. The Carla (North Carolina-Louisiana) Hybrids originated at NCSU, with the goals of better resistance to root rot diseases, drought and cold.
- **Exposure/Soil:** Part shade. Moist, well-drained soil, but not soggy.
- **Growth:** Semi-dwarf, mounding form. Grows 3' tall x 3' wide.
- **Hardiness:** 6-9; shrub
- **Foliage:** Evergreen. Small green leaves.
- **Flower:** Strong red flowers. Mid-season bloomer.
