

Dark Knight Bluemist Shrub

**Drought tolerant and
needs little water
once established.**

Caryopteris 'Dark Knight'

- **Use:** One of the best Blue Mist Spirea varieties, "Dark Knight" has the deepest blue color of them all. Its tidy, upright growth habit and profusion of flowering spikes make it an essential part of the summer landscape. A reliable performer, "Dark Knight" flowers heavily every year. Of modest size, it can be used in front of low walls, as a hedge or in groups around the base of larger shrubs, small trees and upright evergreens.
- **Exposure/Soil:** Prefers full sun to part sun. Avoid heavy wet clay soils. Water regularly, when top 3 in. of soil is dry to start. Little water needed once established.
- **Growth:** Grows 2-3 feet tall and 3-4 feet wide.
- **Hardiness:** 2b-9; Perennial/ Shrub
- **Foliage:** Deciduous. Low arching habit and soft gray foliage are a perfect complement in the perennial border.
- **Flower:** Clusters of delicate blue flowers from late summer until frost.
