

Fernspray False Cypress

Chamaecyparis obtusa 'Filicoides'

- **Use:** Handsome pyramidal form having gracefully curved limbs holding fern-like green foliage. Adds an interesting oriental look to garden. Excellent in large planters or as an entryway accent. May also be nice planted at the corner of the home.
- **Exposure/Soil:** Full/part sun and could tolerate a fair amount of shade. Prefers well-draining soil and appreciates slow release fertilizer.
- **Growth:** Slower grower to 8 to 10 feet tall, 3 to 4 feet wide.
- **Hardiness:** 5-8; shrub
- **Foliage:** Evergreen. Graceful, flattened, fern-like branchlets which gently droop at branch tips.
- **Flowers:** Not known for flowers.

**Collector's
plant! Excellent
for adding interest to
your garden!**
