

# Golden Euonymus

Tolerates wind, heat and poor soil. Useful as a hedge or screen.

## *Euonymus japonicus 'Aureo-marginatus'*

- **Use**: Excellent for naturalizing and gives a stunning effect when massed or planted in a row. It can be used as a specimen or foundation plant (if it is regularly clipped) and creates a nice border or hedge. As tough as they come.
- **Exposure/Soil**: Prefers full to part sun. Place in full sun for best foliage color. Water regularly, when top 3 in. of soil is dry.
- **Growth**: Fast grower to 5 ft. tall, 5 ft. wide, but can easily be trimmed and kept shorter.
- **Hardiness**: 5-9 Shrub
- **Foliage**: Evergreen. Foliage has bright yellow margins around soft green centers. Moderate growing, tough and durable
- **Flower**: This plant has greenish-white, inconspicuous flowers that occur from May until June.
