

Gardenia Jubilation

Deer Resistant!

Southern Living
plantcollection

The plants you'll love. The name you trust.™

Gardenia jasminoides 'Leeone'

- **Use:** A charming improvement on a Southern favorite, Jubilation grows compactly and blooms heavily in spring; reblooming fragrantly through summer into fall. Great in containers, raised beds and in the background of borders. Lustrous foliage on a rounded evergreen shrub, useful as a hedge, screen or accent for entryways.
- **Exposure/Soil:** Prefers part sun! (May tolerate full sun, but then must have irrigation or good watering schedule!) Prefers well-draining soil and appreciates slow release fertilizer. RED CLAY MUST BE AMENDED! Water regularly, but does not like wet feet.
- **Growth:** Moderate grower to 3-4 feet tall, 3 feet wide.
- **Hardiness:** 7-9; shrub
- **Foliage:** Evergreen; Glossy green leaves.
- **Flowers:** Prolific spring bloomer with large, sweetly fragrant, velvety white flowers. Will repeat bloom in summer and fall.

Long
blooming
&
fragrant!
