

Snow Girl Gardenia

Gardenia jasminoides 'Snow Girl'

- **Use:** An exceptionally cold hardy and free flowering Gardenia, Snow Girl produces a big show of fragrant single flowers in early summer and continues to produce some flowers into late summer. This little beauty has deep green dainty foliage and a tight compact habit to help get her through the toughest of winters. Small enough to enjoy in containers or let this little gal perfume the summer garden and landscape.
- **Exposure/Soil:** Prefers part sun! (May tolerate full sun, but then must have irrigation or good watering schedule!) Prefers well-draining soil and appreciates slow release fertilizer. RED CLAY MUST BE AMENDED! Water regularly, but does not like wet feet.
- **Growth:** Moderate grower to 20-24" tall, and 36" wide.
- **Hardiness:** Zone 7-10; Shrub
- **Foliage:** Evergreen; Dark green foliage.
- **Flowers:** Fragrant, large, single white blooms begin in late spring, reblooming summer through fall.

Create a stir in your garden with FRAGRANT gardenia blossoms set against dark green foliage!
