

Spartan Juniper

**Drought tolerant
once established.**

Juniperus chinensis 'Spartan'

- **Use:** A fast growing evergreen shrub that holds up to its name! A narrow columnar growth habit that does not require pruning. This Juniper can tolerate poor conditions such as drought, salt, cold and heat. Spartan makes a good windbreak or privacy screen.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry to start. Little water needed once established.
- **Growth:** Growing 15 feet in height with a 3' spread. Plant 6'- 8' apart to form a full hedge row.
- **Hardiness:** 4-9; Shrub
- **Foliage:** Evergreen. The dense rich dark-green foliage makes 'Spartan' great for topiaries.
- **Flower:** No noticeable flowers.
