

Jack Frost Ligustrum

Great used as a hedge or foundation plant near the home!

Ligustrum japonicum 'Jack Frost'

- **Use:** Fast growing dense upright shrub or small tree. Responds well to pruning into topiary or small standard trees. Useful hedge, screen or windbreak.
- **Exposure/Soil:** Full/part shade; well-draining soil and appreciates slow release fertilizer.
- **Growth:** Fast grower to 8 to 10 feet tall, 6 to 8 feet wide. Upright growth habit.
- **Hardiness:** 5-9; Shrub, Small Tree
- **Foliage:** Evergreen; Leaves have an irregular, thin creamy white margin with slightly wavy leaf edges.
- **Flower:** Strongly fragrant creamy flowers Spring to Summer.
