Rhapiolepis umbellata ‘Olivia’

- **Use**: More cold-hardy and resistant to leaf spot than other raphiolepis. Excellent used as a cover for home foundations.
- **Exposure/Soil**: Full-part sun. Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer two times a year. Fairly drought tolerant. They do not like sprinklers, if you must use a sprinkler do so only in the morning. They prefer dry leaves.
- **Growth**: Grows 3-5’ tall and 4’ wide. May easily be kept shorter.
- **Hardiness**: Zone 7-10, shrub
- **Foliage**: Evergreen Dark glossy green leaves have a bronze color in winter. Good leaf spot resistance.
- **Flower**: Small flowers are fragrant. White flowers in early spring through summer. Blue berries fall-winter.
