

Pancake Arborvitae

Specimen plant for more serious gardeners. You'll flip for this Arborvitae! Native to North America.

Thuja occidentalis 'Pancake'

- **Use:** Finely textured, sage-green evergreen with a low, dense rounded habit. Foliage tints slightly blue in fall and winter. Hardy and easy to maintain. Thrives in full sun and resists burning but will tolerate some shade. Attractive as low border, hedge or in rock gardens.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry. Once established needs only occasional water.
- **Growth:** Grows 1' tall and 2' wide
- **Hardiness:** Zone 3-7 Shrub; May need some protection from summer heat. Location will be key on this specimen.
- **Foliage:** Evergreen. Deep sage green summer foliage transforms to fascinating blue foliage through the winter months. Long fingers of glaucous foliage on a low flat profile. No pruning needed to maintain the shape.
- **Flower:** Not known for flowers..
