

# Compact Emerald Green Arborvitae

**Perfect for your winter pots. Combine with violas, Kale, Mustard, Or vines.**

## ***Thuja occidentalis 'Emerald Green Compact'***

- **Use:** Talk about performance! Emerald Green exhibits excellent growth in any yard from Minnesota to southern Georgia and beyond. There is no need for pruning or shearing to get a full, robust little shrub. Ideal for matched pairs in pots, or in formal gardens.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry. Once established needs only occasional water.
- **Growth:** Mature size is 2-3 ft tall, 1-2' wide,
- **Hardiness:** 5 -10 Shrub /Small tree.
- **Foliage:** Holds its foliage color throughout winter. Ever-green.
- **Flower:** Not known for flowers..
