

# Delta Fuschia Crape Myrtle

Heat  
loving  
small  
tree with  
lots of  
color!

## *Lagerstroemia indica* 'Delta Fuschia' 'Delef' PP27668

- **Use:** Delta Fuschia bears fuschia blooms that contrast vividly with its unique, dark burgundy, curved leaves. This versatile small tree is a stunning garden accent.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly. They tolerate clay and alkaline soil well. Prefers not to have water on the leaves.
- **Growth:** Grows 8-12' high x 4-6' wide. Shape into a tree but cutting out weak shoots. Handout available on our website.
- **Hardiness:** Zone 7-9; Multi-stemmed shrub or small tree.
- **Foliage:** Deciduous. Dark burgundy curved leaves.
- **Flowers:** Fuschia blossoms throughout the summer. Flowering begins in July and will continue until frost.
