

# Delta Moonlight Crape Myrtle

Heat  
loving small tree  
or large shrub  
with lots of color!

## *Lagerstroemia indica* 'Delta Moonlight'

- **Use:** Delta Moonlight bears showy white blooms that contrast vividly with its unique, dark burgundy, cupped leaves. This versatile small tree is a stunning garden accent.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly. They tolerate clay and alkaline soil well. Prefers not to have water on the leaves.
- **Growth:** Grows 4-6' tall (possibly 8' with age) and 4-6' wide.
- **Hardiness:** Zone 7-9; Multi-stemmed large shrub.
- **Foliage:** Deciduous. Dark burgundy leaves provide a nice contrast.
- **Flowers:** White blossoms throughout the summer and into late October. Flowers on new growth; prune in late winter
