

Sago Palm

Looks amazing next to your swimming pool!

Cycas revoluta

- **Use:** So Easy to Grow! They will tolerate hottest sun and humidity. Looks amazing next to a pool or on your deck. Prefers to be rootbound so leave it in the pot, if you plant it in the ground. Use for tropical accent and specimen. Bring indoors in the winter.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly when top 3in of soil is dry. We recommend our **Pro Mix Soil!**
- **Growth:** Extremely slow growing to 8 feet tall, 3 to 6 foot spread.
- **Hardiness:** 8-11; Houseplant; Tropical
- **Foliage:** Has 3 to 6 foot long fronds with age.
- **Flowers:** Not known for flowers.
