

Coral Love Vine

**Loves the heat and grows quickly!
Our children love making crowns
from the flowers.**

Antigonon leptopus

- **Use:** Lacy sprays of bright pink flowers with deeper pink centers adorn this rapid climber. Good cover for arbors and fences. An integral vine for southern gardens, this vine thrives on hot walls, and is highly drought tolerant, once established.
- **Exposure/Soil:** Full– part sun or at least 5-6 hours of afternoon sun. Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer for best results. In hot summer needs lots of water.
- **Growth:** Fast grower to 30 to 40 ft. long.
- **Hardiness:** Zone 8-11, Tender perennial; may need winter protection
- **Foliage:** Deciduous; Coarse, wavy-edged, arrowhead-shaped green leaves (to 4” long)
- **Flower:** Flowers in axillary racemes feature pink to white sepals. Blooms late summer to fall.
