

Dropmore Scarlet Honeysuckle

This is a great plant for tricky slopes or to add color under trees or in a shady area. Will attract birds and is deer and rabbit

resistant.

Lonicera x brownii 'Dropmore Scarlet'

- **Use:** Fast growing, long blooming Dropmore Scarlet is the most popular honeysuckle vine in America. Hummingbird favorite. Non invasive.
- **Exposure/Soil:** Prefers part sun, but will take shade. Water regularly, when top 3 in. of soil is dry to start. Little water needed once established.
- **Growth:** Fast growing, upright vine with stems 10 to 20 ft. long.
- **Hardiness:** Zone 4-9; Perennial Vine or Shrub
- **Foliage:** Semi-deciduous. This plant will be partially ever-green in zones 7 and 8.
- **Flower:** Long blooming season of showy tubular flower clusters backed by attractive blue green foliage. Handsome, dense vine for fences, arbors, even as a groundcover. Long lasting red berries follow the blooms.
