

Snow in Summer Asiatic Jasmine

If you're looking for a beautifully unique, eye-catching stunner of a statement piece for your garden, well then, you've come to the right place. Pink and white new growth elevates this jasmine from "good" to "gotta have it" and even becomes more prominent in the sun!

Trachelospermum asiaticum "HOSNS"

- **Use:** This robust, woody, vine-like evergreen makes a beautifully colored groundcover or container plant with new leaves that emerge striking pink then turn white as they age and mature leaves that are variegated white and emerald green. Produces small, very fragrant, tubular, creamy yellow flowers. Blooms more prolifically in warmer regions.
- **Exposure/Soil:** Full sun /shade, but prefers part sun; well-draining soil and appreciates slow release fertilizer. Water when top 3 in of soil is dry.
- **Growth:** Moderately fast growing; reaches 1 1/2 ft. tall, 3 ft. wide, as groundcover.
- **Hardiness:** Zone 7-9; Vine
- **Foliage:** Glossy evergreen leaves are blushing pink and white.
- **Flowers:** Produces small, very fragrant, tubular, creamy yellow flowers. Blooms more prolifically in warmer regions.
