

# Fannie Moser Basket

## *Begonia sp. 'Fannie Moser'*

- **Use:** The angel wing foliage is colored mostly dark sage-green on the upper side and vibrant cherry red on the underside, liberally spotted with fun white speckles, but sometimes taking on an overall ruby blush depending upon the light it receives. This begonia is the definition of true joy!
- **Exposure/Soil:** Performs well in part sun to shade. Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer for best results. Good drainage is a must. Likes high humidity.
- **Growth:** Grows 16-20" tall and 16-20" wide, maybe taller if deep shade or rich soil. Pinching tips and pruning outer stems in the growing season gives a bushier plant, good for hanging baskets.
- **Hardiness:** 9-11, annual, houseplant. Bring inside in winter.
- **Foliage:** Large dark leaves with silvery speckles.
- **Flower:** features small white flowers that blush the palest pink atop leaves that are sharply ruffled.

Use in patio containers, hanging baskets, beds, or as a

houseplant.
