Begonia benariensis 'Top Hat'

- **Use:** The earliest, biggest blooms of its type, with the best coverage! Puts on a show in large patio containers, hanging baskets or landscape borders, thriving in sun and shade. Showy flowers sit atop dense, lush, green foliage, unlike any other variety.
- **Exposure/Soil:** Will tolerate sun or shade. Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer for best results. Keep water off leaves and flowers if possible.
- **Growth:** Moderate growing; reaches 16 to 20 in. tall, 20 to 24 in. wide.
- **Hardiness:** **Zone** 9-11, Annual, Houseplant
- **Foliage:** Large, rounded foliage in green.
- **Flower:** Comes in a pure white, bicolor, pink, scarlet
