

Lady Godiva Yellow Calendula

Calendula 'Lady Godiva Yellow'

- **Use:** Broaden your annual collection with LADY GODIVA® Yellow. The 1 inch, fully double bright yellow blooms are nestled above slender green foliage and have an airy appearance. Forming a 10-16 inch low growing mound, LADY GODIVA® Yellow is recommended for borders, edges, and container plantings. Handling cool temperatures as well as the heat and drought, this English Marigold is a very versatile addition to your garden. Continuously blooming, you will notice the butterflies fluttering about. No need to worry about the deer, LADY GODIVA® Yellow is a deer resistant annual.
- **Exposure/Soil:** Plant in full sun Must amend the soil if you have poor soil (like red clay). We recommend the Pro Mix Soil. Require different fertilizer than most plants as they grow in the winter. Use slow release or water soluble fertilizer with Nitrate not Ammonium nitrogen form of fertilizer.
- **Growth:** Full sized plants grow to 10-16" inches tall and 12-18" wide.
- **Hardiness:** Zone 7-9; Treated as an Annual, but they will reseed.
- **Foliage:** Evergreen, Green foliage.
- **Flower:** Large colorful flowers with great heat tolerance. Fully double flowers means less seed set and fewer seedlings trying to take over your garden. Remove spent flower stems before they go to seed to promote new flower growth. Flower are excellent for cutting. "English Marigolds" are quite tolerant of frosts. Good at reseeding themselves.

Non-stop flowers from October until April! Use edible flowers in salads or as a garnish!
