

# Castle Celosia

**Kids love the fluffy blossoms.**

## *Celosia plumose* 'Castle Series'

- **Use:** Bushy plumes are produced on an excellent branching plant habit. Its diminutive nature lends itself well to planters, and look great planted en masse in gardens, or for color and texture in combo planters.
- **Exposure/Soil:** Full sun or at least 5-6 hours of afternoon sun. Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer for best results. Keep water off leaves and flowers.
- **Growth:** Grows 16-20" tall and 10-12" wide.
- **Hardiness:** Zone 9-11, annual, houseplant.
- **Foliage:** Small spade shaped leaves.
- **Flower:** Long lasting, colorful plumes withstand summer heat and drought. Vibrant colors! Blooms from spring to fall with little maintenance. Just cut off old flowers occasionally.
