

FanciFillers Silver Strand

Use this striking plant as a groundcover or in containers.

Didelta 'Silver Strand'

- **Use:** A bullet proof summer performer, Silver Strand is a spreading succulent subshrub that is indestructible in the summer months. The semi trailing habit makes this an ideal component plant in hanging baskets and container gardens for a splash of velvety, silver color.
- **Exposure/Soil:** Full– part sun. Moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 6-8” tall and 2’ wide.
- **Hardiness:** Zone 8-11; Annual/ Tender Perennial
- **Foliage:** Velvety succulent foliage provides lovely silver color to contrast against flowery, green-leaved plants. Upright stems spread outwards.
- **Flower:** Does not flower.
