Fuchsia 'Ballerina® Series'

- **Use:** This new series performs extremely well on balconies and terraces or in flower beds and borders. Ballerina's® bloom reliably and persistently from early April to August. Their individual, pretty, medium-sized flowers attract pollinating insects throughout the whole summer season. The name was inspired by the flowers' resemblance to a ballerina doing a pirouette. The series is ideal for balconies or landscape beds.
- **Exposure/Soil:** Prefers protected shade or morning sun only. Requires well-draining soil and appreciates slow release fertilizer. Water regularly under the leaves. If you are not good at watering get some **Soil Moist**. In extreme heat it may need daily watering.
- **Growth:** Moderate grower 12-18" high and 9-12" wide.
- **Hardiness:** Zone 10-11; Annual, houseplant
- **Foliage:** Dainty, green leaves.
- **Flowers:** Produces numerous two-colored flowers late spring until late fall.
