

Lotty Doty Series Hypoestes

This plant is considered non-toxic, therefore safe around children and pets.

**Beautiful
accent
plant!**

Hypoestes sp.

- **Use:** Pink, red or white splash grows best in clumps, borders and small groups. Also nice in hanging baskets and borders. As a houseplant they add color and interest to terrariums and desktops.
- **Exposure/Soil:** Indoors prefers high, indirect light. Outdoors plant in partial sun outdoors. Will tolerate full sun if you use very good soil and water often and maybe have some other plants shading them, too much shade and you lose colorful leaves and they turn more green. Must be in good soil, no red clay. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results. **DO NOT ALLOW TO DRY OUT!**
- **Growth:** Full, well branched plants grow QUICKLY to 8-10" tall and wide tall and wide in one season. Plant 10-12 inches apart.
- **Hardiness:** Zone 9-11 Annual outside when notes are above 60 degrees or indoors as a Houseplant.
- **Foliage:** Small, color leaves. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Small purple flowers, but known mainly for the colorful foliage.
